Native American Artifacts from the Susquehanna River Valley

Rising Sun Branch Library
Saturday, November 2 at 2pm

Learn about local Native American culture and enjoy a display of Native American artifacts. Bring your own artifacts for free identification.

The Buried Treasure of Perry Point

Perryville Branch Library
Wednesday, November 13 at 6:30pm

Members of the Archeological Society of the Northern Chesapeake have been studying artifacts from an extensive 1987 field investigation at the VA Medical Center. They will review the original project with a digital presentation and showcase display that includes prehistoric tools, Colonial pottery, Civil War and Stump family materials. Artifacts will then be on permanent display at the Perry Point Veterans Museum at the historic Grist Mill.
